Spring Concert

Saturday, April 30, 2022

New Orleans Botanical Gardens

Pavilion of the Two Sisters

Robert B Hasper Stager

2:00-3:30pm

Spreading the Music

About Our Special Guest

Anton Francesco De Franco is a Computer Science and Marketing major currently enrolled at Tulane University. He grew up in Toronto, Canada, before he moved to New Orleans. Anton started learning piano as an adult learner with almost no prior musical experience and had his first piano lesson with Ms. Candace four years ago. He enjoys playing music from video games such as Nier, Kingdom Hearts, and Final Fantasy; all of which have received worldwide acclaim for their unique soundtracks.

Outside of his studies and piano, Anton is an expert fisherman. He has fished in many different kinds of waters from Montana spring creeks to Canadian brook trout streams, and even European alpine rivers! If you can think of a fly-fishing technique, he's probably at least heard of it. "Although I do it all, I love to fish streamers whenever I can for large trout. You know what they say: *The tug is the drug!*"

PROGRAM
